

Airport Transfer Service

- **Arrival Pick-up**

Prior to arrival, parents should send the child's flight number and mobile number to the Cathay Camps team.

On the day of arrival, a staff member will be waiting at the arrivals exit holding a sign with the Cathay Camps logo and the child's name.

(Upon enrollment, we will provide the pick-up staff member's name and contact number for use when booking flights.)

- **Departure Drop-off**

At the end of the program, a Cathay Camps instructor will accompany each child to the airport, assist with check-in, and escort them to the security checkpoint.

A dedicated airport staff member will then accompany the child through security all the way to the departure gate.
